Narrative: comp's daughter who is in college was looking for a house to rent and came upon this house on craigslist. the owner claimed he is in nigeria on business but encouraged the daughter and her 2 roommates to go over and look at the house which is vacant. the comp went instead since his daughter is busy and said there is a dog inside and work boots on the porch but he did not see any people around. he thinks this is very suspicious and is concerned the male may have been waiting for the 3 girls to show up on their own. also worried because the male keeps texting his daughter asking her whereabouts and she gave him her address and info for a credit check. one half is occupied and the other is for rent. spoke to one of the owner's who states her husband works in beachwood and she does not have any idea who'd be posting ads about their residence. the dog lives with the people there and is fine. dad was advised to have his daughter stop contact with that male and to not give anymore info to them. owner was also advised of the situation.
